

REMARKS

The specification has been amended on page 5 to delete reference to Figures 5i and 6i since those figures do not exist. Accordingly, the application filed on February 20, 2004 is complete and no supplementary disclosure is needed other than to correct these two typographical errors. Support for these changes can be found in the originally filed drawing figures. Since no new matter has been introduced, the entry of these changes and additions are warranted at this time.

No fee is believed to be due for this submission, but should any fees be required, please charge such fees to **Winston & Strawn LLP** Deposit Account No. 50-1814.

Respectfully submitted,

Date: June 3, 2004

Allan A. Fanucci (Reg. No. 30,256)
